

# EOHSJ Western Lieutenancy 2018 Annual Meeting

## CHRIST CATHEDRAL CAMPUS TOUR

Friday, September 28, 2018

10:00 AM – 12:00 PM

This is a free event and transportation will be included to and from the Hyatt Regency Hotel!

Now is your chance to tour the new 34-acre spiritual home of the Diocese of Orange. The tour includes our future Christ Cathedral, designed by Philip Johnson and John Burgee, as well as other architectural treasures by Richard Neutra and Richard Meier.

The Diocese has begun a multi-year renovation that will transform the campus into a place appropriate for Catholic worship. Extensive renovation and restoration of this campus and its buildings are well under way. The campus will serve as a spiritual home to Orange County's more than 1.3 million Catholics and serve the local community at-large through services and programs available to everyone. Currently the Arboretum sanctuary is the temporary home to the over 10,000 members of the Christ Cathedral Parish with Masses taking place in English, Vietnamese, and Spanish. Many other events take place within the Arboretum; weddings, conferences, concerts, and family friendly events. The Christ Cathedral Parish will eventually move from the Arboretum into Christ Cathedral, upon its completion.

The dedication of Christ Cathedral is scheduled to take place in 2019.

There is no better time to visit our campus and witness the dynamics surrounding this world-renowned icon.

If you are interested in attending, *please* contact
